---

Emergency Medical Technician with 5+ years of experience in providing highly efficient and quality medical services during emergencies. Proven history of delivering efficient immediate care to critically ill and injured patients. Looking for a challenging position as an EMT.

## Professional Experience

AMERICAN AMBULANCE, Hallandale Beach, FL

*Emergency Medical Technician (EMT), September 2016 – Present*

- Active member of the emergency response team providing efficient, quality care during medical emergencies, accidents, fires, and natural disasters
- Revive and stabilize patients suffering from traumatic injuries and other serious conditions
- Deliver basic/advanced life support and critical care transportation services to patients
- Maintain communications equipment, medical equipment, medicines, and supplies
- Serve as a primary caregiver to complete all appropriate patient care documentation in accordance with HIPPA and other associated laws, protocols, and procedures

GENESIS COMMUNITY AMBULANCE SERVICE, Zanesville, OH

*Emergency Medical Technician (EMT), June 2012 – August 2016*

- Provided compassionate emergency medical services to patients such as responding to emergency calls and transporting seriously ill patients to area hospitals
- Educated patient/patient families during emergency and non-emergency situations, providing options for treatment and transport
- Utilized solid knowledge of medical procedures to provide first-aid treatment/life support care to sick or injured patients
- Assessed patient condition through physical and verbal exams and by collecting information from others at the scene

## Education

BROWARD COLLEGE, Davie, FL

*Associates of Science in Emergency Medical Services, May 2011*

- Emergency Medical Technician Certificate
- Advanced Cardiovascular Life Support (ACLS), Basic Life Support (BLS) & Pediatric Advanced Life Support (PALS) Certified

## Additional Skills

- Proficient in using MS Office Suite (Word, Excel, and PowerPoint)
- Ability to assess life threatening medical emergencies in high-stress environments
