Experienced Data Center Facilities Manager with over 12 years of expertise in managing critical facilities, technical operations, and teams. Adept at driving efficiency and maintaining high standards in data center operations. Seeking to leverage extensive background in facility management and systems operations at Google to enhance operational effectiveness and support global infrastructure needs.

PROFESSIONAL EXPERIENCE

GLOBAL TECH SOLUTIONS

Senior Facilities Manager

Atlanta, GA

August 20XX–Present

Global Tech Solutions is a leader in data processing and storage solutions, operating over 30 data centers worldwide. In this role, I oversee all aspects of facility operations for 5 data centers in the Southeast region, ensuring compliance with critical systems requirements and operational excellence.

- Reduced operational costs by 20% through strategic vendor negotiations and optimizing energy consumption
- Lead the upgrade of mechanical systems which has so far improved system efficiency by 15% and extended equipment lifespan
- Developed and implemented a comprehensive training program that increased team performance and efficiency metrics by 25%

DATASTREAM TECHNOLOGIES

Facilities Manager

Atlanta, GA

July 20XX–August 20XX

At DataStream Technologies, a company specializing in high-capacity data centers, I managed facility operations for a 10-acre data center campus. My focus was on maintaining rigorous standards for mechanical, electrical, and control systems to support mission-critical operations.

- Enhanced system uptime to 99.99% by improving maintenance protocols and system redundancies
- Implemented innovative cooling techniques that resulted in a 30% improvement in HVAC efficiency
- Coordinated with multiple business units to align facility operations with corporate goals, improving overall operational coherence
